61. KEY ACTON ISSUES

It was noted there were no new or Key Issues being considered by the County Bough Council that may affect the whole or part of the Community of Acton. However, Councillor Mike Davies did give feedback on the outcomes of recent planning applications for footway lighting at Rhosnesni High School and large scale planning proposals off the Holt Road/ Bryn Estyn Lane.

62. ACTON PARK PROPOSED NEW SENIOR PLAY AREA AND OUTDOOR GYM

The Chair reported that together with the Clerk, he had met at Acton Park with Carla Hinde, Landscape Officer from Wrexham County Borough Council during August 2021 to discuss the possibility of establishing a new Senior play area and an external outdoor gym for older children and adults in the Park. A piece of land within the Park had initially been identified for the site subject to the necessary assessments. It was noted that the land used will remain the responsibility of Wrexham County Borough Council and it will defend any Public or insurance liability for the existing Junior Play area

(which is still under Grant conditions and cannot be moved) and the proposed Senior Play area, as the landowner. The County Borough Council has indicated it will impose certain conditions to any consent and require formal undertakings from the Community Council before this matter is progressed further. Members suggested the Community Council should be able to seek funding outside the Precept for this outdoor Play provision. However there was money in earmarked balance if match funding is required. Consideration was also given to the condition of the other two Play areas in Acton, the age of existing equipment and how dilapidated they are becoming.

The early indication in a response to the Community Council's proposal is that Wrexham County Borough Council have no issues with it in principal but will need Acton Community Council to provide written confirmation as to its agreement to meet any future maintenance costs. Further developmental work will now be needed to calculate sequencing, to ensure the Community Council, residents and school pupils' have input into the design including provision for creative play; the process and eligibility for Grant funding; drawing up an impression of what is wanted; sourcing Grant applications and other funding streams; planning requirements; liaison with Wrexham County Borough Council and ensuring arrangements are in place for it to carry out the necessary Public Consultations and procurement to ensure the completed project is compliant with any national standards .

RESOLVED –

- i. ***to agree in principle to proceed to develop this proposal for a new Senior Play area and outdoor Gym scheme in Acton Park in conjunction with Wrexham County Borough Council***
- ii. ***to confirm to Wrexham County Borough Council that Acton Community Council will be prepared to commit to the future maintenance and inspection costs for the new play area once complete; and***
- iii. ***that Wrexham County Borough Council be requested to provide written confirmation of its agreeance to this proposed scheme in order to support any grant bids that the Community Council may choose to submit.***

63. FINANCIAL ASSISTANCE

Members considered the Clerk's report concerning applications received for financial assistance. In accordance with the revised Council Policy, the annual £3,750 budget had been apportioned equally between each of the quarterly meetings. Members were reminded that the new tiered grant criteria had become effective from 1 April 2019 but the limits and spending levels had been relaxed for 2021/22. Members proceeded to determine the three applications received during the second quarter and whether to make any grants to the applicants under the provisions of Section 137 of the Local Government Act 1972 or under the General Power of Well Being.

RESOLVED – that the Financial Assistance grant applications be determined as follows:-

OTHER NEWS / PCSO ACTIVITIES

- We continue to hold pop up events giving out leaflets and raising awareness in relation to cold callers / rogue traders and general security around the house linking in with Op Blue Instinct. We are still seeing issues with cold callers, though only a handful of incidents. We have been working alongside trading standards to stop and speak to people carrying out work and challenge people who are going door to door. They have also joined police with making visits to victims. We have recently had reports of a male going door to door asking for money. Alerts have been placed online to warn residents not to hand money to unknown persons knocking on doors. We continue to deal with the investigation.
 - We are encouraging residents to sign up to our community alert system which allows us to message them when we have an incident in an area such as when cold callers are reported and also allows us to message them regarding engagement events with police.
 - Patrols will be increased of an evening in ASB hotspots as we approach Halloween and Bonfire Night. We are also planning an event with youths in relation to Op Bang in the coming weeks to help engage with them and educate them with the risks of ASB, fires and fire works.
- Thank you from the team with regards to the community council funding £100 worth of target hardening which will be used for victims of crime in the area.

To be mindful of Health & Safety responsibilities and Wrexham CBC duty of care for the safety of the public in relation to highway assets it must to be careful what equipment is attached to our columns. In most cases the street lighting infrastructure has not been designed to accommodate additional equipment such as festive lighting, CCTV or Vehicle Activated Signs and as such each column has to be inspected to ensure it is safe to accommodate these additional attachments. A scoring matrix, will now be used to aid community councils in determining which columns are suitable to house non street lighting equipment without the need to undertake additional structural testing and subsequently incurring abortive costs.
