Suggestions for new budget expenditure in 2023/24 had been submitted by two Members.

It was proposed that detailed deliberation of the Budget be deferred until the Council's objectives for 2023/24 have been agreed. In terms of existing Service Level Agreements, Members were very supportive of the Ranger's role within Acton Park and were keen to support Youth Projects within the Acton Community. Members wished to allow further time for additional costed suggestions from Members to be brought forward and to discuss the Budget particularly in respect of proposals for the provision of Christmas Lighting, Speeding Signs and further Defibrillators. It was suggested that availability of Grants to fund the new expenditure should be investigated. The Clerk and Responsible Financial Officer advised the Council that due to the revision to timescales now put forward, it would be very difficult to enable the preparation of a robust fully costed set of figures for the 2023/24 budget

before setting the Precept for 2023/24.

RESOLVED – that

Section 137 Expenditure Limit for 2023-24**

This is to notify you that the appropriate sum for the purposes of section 137(4)(a) of the Local Government Act 1972 (the 1972 Act) for Community and Town Councils in Wales for the financial year 2023-24 is **£9.93**.

Section 137(1) of the 1972 Act permits each Community or Town Council to incur expenditure for purposes for which it has no other specific powers if the Council considers that the expenditure is in the interests of, and will bring direct benefit to, the area or any part of it, or all or some of its inhabitants, providing that the benefit is commensurate with the expenditure incurred. Community and Town Councils are also permitted under section 137(3) to incur expenditure for certain charitable and other purposes. The maximum expenditure that can be incurred under both section 137(1) and (3) for the financial year 2023-24 will be £9.93 per elector.

For the financial year 2023-24, the appropriate sum for the purposes of section 137(4)(a) is calculated by applying the formula set out in Schedule 12B to the 1972 Act. The Retail Prices Index increased by 12.6% between September 2021 and September 2022. This means that, by application of the formula, the appropriate sum for the financial year 2023-24 increases from £8.82 to £9.93 per elector. For clarity, the Local Government and Elections (Wales) Act 2021 includes provision which enables 'eligible community councils' to exercise the General Power of Competence. The power for Community and Town Councils to exercise the General Power of Competence came into force on 5 May 2022.

The relevant [statutory guidance for community and town councils](#) explains the interaction between the two powers (i.e. the general power of competence and the power under s.137 of the 1972 Act). Community and town councils exercising the General Power of Competence are not subject to an expenditure limit, but other conditions apply. For all other community and town councils, the limit set out in this letter will apply.

Yours sincerely

Acton Community Council

Introduction and Context

Acton Community Council is one of four Wrexham Town Centre Community Councils created in 1985. It owns one building, the Maesydre Power House and has no other landholdings. The Council serves approximately 13,659 residents and 5795 households (based on the 2011 census). The precept for 2022-23 is £169,000.

The Council is committed to encouraging and promoting sustainability goals and practices whenever possible. It seeks to encourage the retention of green open spaces, mature trees and green corridors for wildlife, use of native plants and a broad spectrum of tree species.

Situated within the five wards of the Community of Acton:

- Acton Park is owned and managed by Wrexham County Borough Council and has Tennis Courts and a bowling green within its curtilage. The Community Council funds a Seasonal Park Ranger Post through a Service Level Agreement arrangement with Wrexham County Borough Council
- The area consists of mainly mixed density residential property and has some open spaces included within them, mature tree planting schemes and several estates have deep grass verges
- It includes part of the town centre shopping area with a large supermarket and a Civic Quarter containing the Law Courts, Former Police Station site, RWF Memorial, the Memorial Hall Swimming Baths and Peace Gardens at Bodhyfryd that is bordered by Holt Street, Chester Street and Powell Road.
- There are five Primary/Junior Schools within the Community and one Secondary school together with the former Groves High School site that is currently vacant.
- There is an Owain Glyndwr protected open space known locally as the Spider Park and St John's Field. The Community Council supported its designation as a protected open space.
- The Former Rugby Playing Field at Dean Road/ Holt Road is owned and managed by Glyndwr University, although regrettably this Open space has now received Planning Permission appeal to be developed for Housing.
- A natural informal open space known as Borrass Bog borders Bieston Close, Huntsman's Corner and the Llanypwll Link road
- The Nine Acre Field is a recreation ground with a Pavilion owned by Wrexham County Borough Council and has this year been renamed as the Queen Elizabeth II field and is to be protected from development.
- There are Children's playing fields situated at Aran Road, Ffordd Garmonydd and Acton Park that are owned by Wrexham County Borough Council and part funded by the Community Council under a Service Level agreement arrangement. There are also private developer funded play areas on the Redrow estate off Holt Road
- The Green at Little Acton is a large open space where the Little Acton Community Centre is sited
- The Acton Community Resource Centre is owned and managed by Wrexham County Borough Council and part funded by the Community Council under a Service Level Agreement arrangement.

Review of s6 duty

What has worked well?

The Service Level Agreements with Wrexham County Borough Council and the Caia Park Partnership have enabled a focus on biodiversity matters and facilitated informal education of young people in growing their own plants and vegetables.

Financial support to the Friends of Acton Park and the Angling Club have improved the biodiversity within the Park and improvements to the management and water quality of the lake has improved resilience and been able to identify blue green algae at an early stage. A grant to purchase a water aerator helped prevent the development of blue algae on the lake. Further purchases to improve the oxygen quality at the lake in Acton Park by the Angling Club have been supported financially by the Community Council..

There is a much higher footfall in the Park since the Covid lockdown period. This has resulted in the biodiversity of the flora and fauna at the Park being enjoyed and appreciated by a broader range of Acton Community residents and other visitors. A reinvigorated Friends of the Park Group now works closely with the Park Ranger in helping to maintain all areas of the Park

The 2022 Park Ranger has been proactive in publicising the work, surveys and tree trails within the Park via the Council's Facebook Page . The extended duration of the Ranger post has enabled events to be held in the Park throughout the whole year and attendance at the events has been well supported with a multitude of opportunities to promote and assist biodiversity within the Park.

What have the barriers been?

The Council owns no land and can only recommend and encourage other land owners in the Community to embrace biodiversity

Over the last three year period particularly during 2020, the Covid Pandemic and severe Lock Down restrictions impacted negatively on data collection and general work/ publicity/tours within the Park as the Seasonal Park Ranger post for 2020, was not filled. In 2021 detailed surveys of the Wildflowers and Bats in Acton Park were carried out and the results of such surveys should be sent by the Ranger to the Wrexham Ecology Officer. The impact of the Covid pandemic resulted in School/ Group activities being severely curtailed within the Park. The Restrictions saw a loss of opportunities to carry out further tree studies, nature walks looking at birds, bird boxes and significant tree species: Grass cutting at the Park has left some open ground for the growth of wildflower meadow. The Council is supportive of the Friends of Acton Park but without the Seasonal Ranger in post during 2020 several paths had become overgrown and undergrowth has had to be severely cut back during the autumn of 2021. With the expanded Ranger post in 2021 and 2022/23 there has been ability to recommence engagement with local schools and groups and routine of the Park has taken place. The pandemic lockdown saw a greater footfall within the Park.

What will you change?

Work with the Wrexham Local Biodiversity Officer and seek advice whenever necessary. Will seek to encourage the planting up of hardscape/paved areas and publicise the work of Groundwork and other ecology groups on the Councils website. The Community Council will seek to liaise with other organisations working within the Park and bring forward proposals to support Wrexham County Borough Council in its management and continuing improvement of the biodiversity of ecosystems within the Park at Acton.

How and When will the s6 duty be monitored and the s6 plan reviewed?

The Duty will be monitored by the Council Members and the Clerk reporting back to the Council through a regular agenda item at Council meetings. Over the last three year period the Council has reviewed this duty and published its Plan on its website www.actoncommunitycouncil.gov.uk

The s6 plan will continue to be developed and reviewed in response to such reporting and any other evidence or information that may be made available to the Council. At the time of Publication of this report there is no specific time or date set for the plan to be reviewed but this will be done in the next twelve months.

APPLICATIONS FOR FINANCIAL ASSISTANCE

INTRODUCTION

In February 2019, the Community Council reviewed its procedure to deal with requests for financial assistance from Organisations that work or are based in the Acton Community Area; this report summarises the applications received to date and reminds members of the Grants/ donations that have been awarded during the previous financial year.

PURPOSE OF REPORT

To provide details and enable the Council to consider the two applications for financial assistance submitted to date in accordance with the Policy agreed at the February 2019 meeting of the Council.

DECISION REQUIRED

To determine the two applications for financial assistance included in this report submitted in accordance with the Community Council's Policy implemented from April 2019.

INFORMATION

1. The Community Council has reviewed and agreed its process and Policy for considering applications for financial assistance made under the provisions of Section 137 of the Local Government Act 1972 (as amended). (Minute 130.3 February 2019 refers). The guidelines agreed from 1 April 2019 set out the three tiers of grants available and the criteria for each tier are being sent with a standard two page financial application form to all persons and organisations seeking financial assistance from the Community Council. This ensures that the information from each applicant is received in a consistent format and all questions frequently asked by members are answered.
2. To ease pressures on the Council's budget, its Policy is to consider applications on a quarterly basis with the budget apportioned equally to each quarter to allow the Community Council to be more focused and equitable when determining financial assistance applications. The quarterly meetings are March, June, September and December each year.
3. The Local Government Act 1972 sets out in Section 137, the powers and scope for a Community Council to make expenditure that benefits the local Community where there are no other specific powers granted to the Community Council. Additional powers are also contained in Section 145 of the Act. A sum of £3,500 has been set aside in the estimates of Income and Expenditure for the year ended 31 March 2023 for this purpose.
4. The current Budget Allocation is much less than the limit permitted by Section 137(4) (a) of the Local Government Act 1972. For Parish and Town Councils in England and Wales, an amount of £8.82 per person of the Community Councils' population is permissible for 2022/23. The total number of Acton Community electors at 1 January 2022 is 10,404. An extract will be available at the meeting of the powers contained in Section 137 of the Local Government Act 1972 that enables the Community Council to incur expenditure (up to £91,763.28 in 2022/23), which in their opinion is in the interests of, and will bring direct benefit to their area or any part of it or all or some of its inhabitants. These powers cannot be used to give a Grant or Financial Assistance to any one individual person. The Council during 2020/21 and 2021/22 made use of the General Power of Wellbeing to give grants to the Wrexham Foodbank (£2,000), the Friends of Dean Road Playing Field (£1,000) and 9 Acre Field Group (£1,000+£1,400) and towards the Purchase of Defibrillators. This expenditure using the General Power of Wellbeing counted towards the permissive limit for 2020/21 and 2021/22 under Section 137(4) (a). The Local Government and Elections (Wales) Act 2022 introduced the General Power of Competence, and **it should be noted that the Power of Wellbeing can no longer be used by the Council.**

5. Attached at Appendix 1 and Appendix 2 for information is a summary of the Financial Assistance Grants awarded during 2020/21 and 2021/22. Members should note that during these two financial years due to the Coronavirus Pandemic and Lockdowns, the Council relaxed its Tier Limits and awarded grants considerably above the guidelines set out in the existing Policy and overspent its budget in order to support local Acton Community Clubs and Organisations.
6. To ensure a fair and equal distribution of the budget, it has been usual practice to apportion it equally between the quarterly meetings. This equates to £875.00 per quarter for 2022/23. During 2022/23 the Council has considered grant applications in June and September 2022. The decisions of those meetings and the November 2022 Meeting are set out below:-

1. Purple Orchids	Financial support towards running costs and room hire in particular	£ 500.00

4. Royal British Legion	Donation/Grant to 2022 Poppy Appeal	£ 100.00

7. Application forms have been available via the Council's Website to all local Clubs and Organisations, and several were sent in response to other general requests for financial assistance submitted to the Clerk to the Council. Each applicant has been sent a standard letter and the guideline document setting out the Council's Policy as adopted on 1 April 2019. I have received two completed forms in the current quarter as listed below. Acton Community Council
Guidelines for S137 Grants/ Donations
(Adopted April 2019)

ACTON COMMUNITY COUNCIL – S137 GRANT /DONATION APPLICATION GUIDELINES

The Community Council considers applications for financial assistance using the following guidelines on a quarterly basis with the annual £3,500 budget being apportioned equally each quarter to allow the Community Council to be more focused and equitable when determining financial assistance applications. The quarterly meetings are held in March, June September and December each year.

The following guidelines have been adopted by Acton Community Council with effect from 1 April 2019. The hierarchy model as illustrated is based on a three tier system that assesses the level of need around the population that is being served. In addition, priority will be given to groups within the Acton Community or those groups that are providing for residents in the Acton Community.

The three tier system caps the amount of funds made available to deserving organisations. This is a more equitable system as decisions will not be made on an ad-hoc basis. It is accepted there will be anomalies within the system, but these will be dealt with on the merits of the submitted application on a case by case basis. By way of explanation: -

Tier One:

- a. Basic needs of Life:
 - Organisations or programs that ensure the basic needs of life are dispersed to members of our community, such as food, clothing and basic hygiene products
- b. Social/Cultural:
 - Organisations or programs that benefit youth within our community
 - Organisations or programs that benefit our elders and other members within our community

Tier Two:

- c. Recreational:
 - Outdoor recreation, such as football and other team sports
- d. Environmental:
 - Parks
 - Litter collection/management
 - Community greening/planting

Tier Three:

- e. Religious:
 - Religious organisations of all kinds that lie directly within our ward may receive funding if their donation request is for members of our community
- f. Larger Community

APPLICATION NO .1 - DECEMBER 2022

**APPLICATION FOR FINANCIAL ASSISTANCE TO ACTON COMMUNITY COUNCIL
(MADE UNDER SECTION 137 OF THE LOCAL GOVERNMENT ACT 1972, AS AMENDED)**

NAME OF ORGANISATION: BORRAS PARK ALBION YOUTH FOOTBALL CLUB

1. NAME AND ADDRESS FOR CORRESPONDENCE:

Jo Sumpter Parry
5 St Davids Court Wrexham
LL139AN

2. REASON FOR APPLYING FOR FINANCIAL ASSISTANCE?

My daughter along with her friends have recently transferred from one football club to another which will be a newly set up team. They will become the Under 10's girls' team and require funding to support Borras Park Albion Football Club to purchase a kit, and equipment such as water bottles, bags etc for the girls.

3. TELL US ABOUT YOUR ORGANISATION. WHAT DOES IT DO? WHO DOES IT HELP IN THE ACTON COMMUNITY COUNCIL AREA? WHERE ARE YOU BASED? WHEN AND HOW OFTEN DO YOU MEET? HOW LONG HAVE YOU BEEN ESTABLISHED?

Most of the girls have been playing together for over 12 months and as a group have moved together with their coach Matthew Roden to Borras to continue to develop their commitment and strong team friendship. Having a local team will promote close links within the community and will create social activities to encourage more girls to get out and become active, especially following the recent pandemic we have all experienced. Half of the team and or their families are from the Acton area. I was brought up in Borras and my parents still live in the community. The club we are joining are an established club which has been running for several years.

4. CAN ANYONE JOIN? YES WHO CAN BENEFIT? Both the girls and their families

5. HOW MANY RESIDENTS FROM THE ACTON COMMUNITY COUNCIL AREA ARE MEMBERS OF OR BENEFIT FROM YOUR ORGANISATION? ...4 out of the 9 girls along with their coach are local and others have family living in the community

As a school, we have just started a Netball Team for the first time since Covid closed everything down and the children and staff are thoroughly enjoying themselves in this new and popular club. Some of the netball bibs are torn and we feel in order to represent our school and maintain our high standards, we would like to ensure we are smartly dressed and turned out, especially during tournaments both home and away. We are the Acton Park Netball Team which started in July 2022. We have a number of girls and boys who attend our club and are thoroughly enjoying practising after school on a weekly basis. This is important for the children at Acton Park Primary as many clubs stopped during covid. Therefore, this club gives children the opportunity to follow their interests and maintain a healthy and active lifestyle for free each week. This has been so important in supporting the children's physical and mental health and they really are making excellent progress during coaching sessions. Parents very much enjoy watching some of our after-school club sessions, and if we are able to purchase a netball kit, this will ensure we are smart even during coaching sessions after school, to further model our high standards at Acton Park Community Primary School. We meet every week after school for an hour and look forward to continuing this club throughout the year, to ensure we develop our skills and confidence throughout the year. The children are extremely excited about future tournaments and playing against other schools and would love the opportunity to play in a brand-new kit, with our school logo on to showcase our wonderful school.

The Council is currently, November 2022, undertaking an assessment of Cllrs' training attended and will develop a formal Training Plan going forwards.

3 Activities and Achievements

3.1 Objectives

Guidance tells us that it will be good practice for Council's Annual Report to show how the work undertaken, in the past year and going forward, the 5 elements or principles set out in the "Well-being of Future Generation (Wales) Act 2015. These are; Long Term, Integration, Involvement, Collaboration and Prevention.

Council did not publish a list of "Objectives" for this reporting year, nor for 2022/23.

However, the following details some specific achievements made over the 2020/21 period.

Section 3.2 contains some of the Objectives under consideration by Council for 2023/24 which embrace the "Well-being Principles".

3.1.1 – Community Engagement

Council embarked upon a social media public consultation exercise with the general Acton public seeking their views about their needs, wants and perceived problems within the Acton area.

Responses indicated several common themes. These included;

- a lack of awareness about what the Community Council did
- what was available at Acton Community Resource Centre, how to book sessions and costs
- the extremely poor state of the Acton Park children's play area

3.1.2 – Youth Club

During the year 2021/2022 the youth club was impacted by Covid, the Council had made the decision to continue funding the youth club during this period, the numbers attending the club had decreased but we felt it was important to support this group during this period, some outreach work was attempted but we as a council felt this was not as successful as having a base to work from. Towards the end of the year numbers have picked up and are thankfully back to their original numbers, the club continues to provide an excellent service to the Acton Community and is something we are very proud of.

3.1.3 – Youth in the Community

For the second year the Council made the decision to fund youth groups such as the Brownies and the Rainbows, if this funding had not been available, they would have ceased to exist due to the lack of funds. These groups have been in existence for 40 years and is something that we could not allow to happen, these groups average 25 girls and continues to flourish.

Earlier this year Council members were invited to the Brownies Jubilee party as a thank you for the support given by the Council, Helen Walker (Brown Owl) said "they don't know what they would have done without the support of the Council".

3.1.4 – Park Ranger

The Council continues to fund the Park Ranger (Hannah Farnell) there have been a vast variety of events in the Park during this period, Easter egg hunt, Halloween trail, various information events, history trails, tree identification events, all these have been very well attended and in some cases attended by well over 100 people.

The Ranger continues to assist and supervise the Park volunteer group whose continued work is a massive help in keeping the park at a Green Flag standard.

3.1.5 – The Young Blacksmiths

O & H metalwork have been involved with two projects for the Council , one being a Fish made from teaspoons which is in place in the Lake in the park, this was funded by themselves with donations of spoons made by the public.

The second is a small monument placed at the Smithy Pond to remember Joey the swan and also to inform residents of their family history, this was funded by the Council as it was felt important to keep the history of Acton alive.

3.1.6 – Dean Road

After careful consideration, Council decided to support the resident group which had been set up in opposition to Glyndwr University's outline planning proposal via Wrexham Council Borough Council, to permit Housing development upon the field with a proposal to dispose of the land thereafter to a developer.

Council agreed a grant of £1000 to the resident group to engage professional advice and services in support of their application to deny planning permission.

3.1.7 – Nine Acre Field

After careful consideration, Council decided to support the resident group which had been set up in opposition to Wrexham Council Borough Council proposal to build a new school upon the site.

Council agreed a grant of £1000 to the resident group to engage professional advice and services in support of their application to deny planning permission.

3.1.8 – Defibrillators

Council embarked upon a policy of paying for the supply and installation of a defibrillator in each of the five wards.

2021/22 saw the beginnings of this priority with the deployment of a defibrillator in the following locations: Cunliffe Arms Jefferys Road, Acton Resource Centre, Little Acton Community Centre and on the Fairways Estate St Andrews Crescent. Progress was made towards deployments at Barkers Lane School and the Borrass Park shopping arcade.

3.1.9 – Restoration of Fencing on Jeffery's Road

It has long been reported of the need to repair and repaint existing metal fencing on Jeffery's Road. Residents have volunteered to assist with the repainting of the fencing once it has been repaired to an acceptable standard. Wrexham Council (the owners) have been consulted about assisting with this project. It is reported that their preference is to remove the fencing. They have agreed to supply limited assistance providing health at work protocols. However, despite ACC setting aside a limited budget, the project continues to stall and is no further forward since it was first raised in 2018.

3.1.10 – Section 137 Grants

Were made to 24 organisations with a total value of £7870.

3.2 Priorities Going Forward

Council did not publish a formal list of "Priorities" for this reporting year, nor for the current year 2022/23. However, discussions are currently ongoing between Members of Council to prepare a list of priorities for the coming 2023/24 year. It is intended that this process should take place alongside and in conjunction with the 2023/24 budget setting process. Some priority suggestions are included below. These are not listed in priority order.

3.2.1 – Jefferys Road Fencing

The local Member is keen to progress this project to a conclusion whereby the fence is repaired and painted.

3.2.2 – Section 137 Grants

The Chair is keen to develop the Section 137 grants element of our budget to provide annual support to local groups who are within the ACC area and who struggle for financial support. There are several groups that without Council support would not be in existence.

3.2.3 – Acton Park Playground

A subgroup was previously established but little progress has been made to date. Progress development of this theme to design ensuring age appropriate, estimate and budget for the provision of a new play space. Consider using reserves and investigate possible grant funding streams, eg National Lottery, Welsh Assembly grants, to bring this about. Set the project as a key objective with measurable achievements going forward.

3.2.4 – Little Acton Community Centre

Some time ago initial discussions were held with Wrexham CBC about the future ownership, costing and sustainability of the Centre. Council should seek to progress those discussions to a point whereby the future of the Centre can be determined going forward.

3.2.5 – any other projects to include here by other Cllrs?

Each year the Community Council must consider all matters pertaining to determination of the Council's income, expenditure, balances and precept requirements for the next financial year having regard to the Accounts and Audit Regulations, the Council's own Financial Regulations and any decisions made during the Municipal year that may require a budget provision .

The Council under the Local Government Finance Act 1992 has to meet Statutory requirements as a local precepting authority and in particular Section 50 of this Act requires the Council to calculate its budget requirements each year. In calculating this budget requirement it must take into account:

1. the expenditure the authority estimates it will incur in the year in performing its functions;
2. such allowance as the authority estimates will be appropriate for contingencies in relation to expenditure for the year;
3. the financial reserves which the authority estimates it will be appropriate to raise in the year for meeting its estimated future expenditure; and
4. such financial reserves as are sufficient to meet so much of the amount estimated by the authority to be a revenue account deficit for any earlier financial year as has not already been provided for.

To be effective, Audit Wales has highlighted that Councils budget setting and monitoring arrangements must safeguard the Council from an over reliance on using reserves and the Council must ensure there is a sound system of internal control which facilitates exercise of the Council's functions and which includes adequate and effective financial management. There must be a proper understanding of the makeup of any reserves and effective controls to ensure they are used in line with their intended purposes.

The Council must now consider all matters pertaining to determination of the Council's income, expenditure, balances (both General and Ear Marked Reserves) and precept requirements for the financial year 2023/24.

3. Precept Requirements for 2023/24:

The Chief Finance and Performance Officer, Wrexham County Borough Council has yet to indicate when the Community Council's precept is required (Last year it was required by 21 January 2022). The Acton Community Tax base for 2022/23 was 5725; the 2023/24 base is expected shortly. To consider the Council's Priorities and prepare a Draft budget and determine the Council's precept requirement taking into account current commitments and any new provisions that the Community Council decides to support and earmarked and other reserve requirements.

A copy of the last three years budget provisions and Precept requirements was circulated to all members of the Council on 30 November 2022 together with the legislative framework the Community Council has to adhere to when determining its spending requirements and setting its precept. Included in this circulation was an extract of the Governance and Finance Toolkit which has recently been issued to all Welsh Town and Community Councils.

ANNUAL INVESTMENT STRATEGY 2022/23

INTRODUCTION

Guidance was issued by the Welsh Assembly Government (WAG) for the 2004/05 financial year on Section 15(1) (a) of the Local Government Act 2003. It indicated that some elements of this Legislation would apply to Community and Town Councils. The Guidance on Local Government Investments formalises the Investment procedures undertaken by Community Councils but is not meant to be overly onerous and only applies in full to the very largest Community Councils or to those with significant sums to invest.

PURPOSE OF REPORT

To enable Members to review the Community Council's Investments Strategy for 2022/23 as part of the Annual budget setting process.

DECISIONS REQUIRED

1. To consider and if appropriate, approve the Investment Strategy for Acton Community Council for the financial year 2023/24 as set out in the appendix to this report; and
2. To agree to review the Acton Community Council Investments Policy each financial year as part of the budget setting process.

INFORMATION

The WAG Guidance on Section 15(1) (a) of the Local Government Act 2003 was applied with effect from the financial year 2004/05 and anticipates that the Annual Investment Strategy is agreed before 1 April of each financial year in question. The Strategy is meant to be a document that sets out the categories, Investments plan to be undertaken and the amounts intended to be invested over relevant periods of time. Community Councils have been encouraged to include approval of the Strategy within their budget processes or documentation. The Council reviewed the present Investment strategy at its remote meeting held on 15 December 2022. (Minute 109.1 refers)

Members are reminded that this Authority presently holds three accounts at the HSBC Bank at Wrexham. There are two interest-bearing accounts, the Business Money Manager, which is a no notice account where all precept payments are now made. This is linked to a Money Market No Notice Account which holds earmarked capital monies for the Acton Community Resource Centre and year marked monies for Election costs, the Maesydre Power House Building valuation and the repairs/replacement of Playground equipment of the Service Level Agreement with Wrexham County Borough Council and other earmarked monies. There is also a non-interest bearing Community (current) Account from which all creditor payments are made. The interest is paid gross each quarter and half yearly on the Money Manager and Money Market accounts respectively.

The return on the Council's Investments is low owing to the continuing historic low rate of interest. The interest amount currently being received is negligible, so there has been little opportunity to secure improvement. The earmarked contingency balances proposed in the estimates of Income and Expenditure from 2022/23 onwards will require consideration of the options for flexible longer term investment in the future. The Council's banking strategy review, following repeal of Section 150 requirements for the signing off of cheque payments, determined to maintain the status quo as that currently represents the best internal safeguard and financial control of expenditure.

ANNUAL INVESTMENT STRATEGY FOR ACTON COMMUNITY COUNCIL 2022/23

This Annual Investment Strategy is prepared in accordance with the statutory guidance on Local Government Investments issued by the National Assembly for Wales.

All cash, bank balances, financial assets, borrowings and credit arrangements are defined as a part of the Council's treasury management activities. This Annual Investment Strategy will concentrate on the Council's temporarily surplus resources (or other financial assets it holds) and the investments it undertakes of these resources.

The Council undertakes to ensure that for all its investments, priority will be given to security and liquidity rather than to yield. In drafting this Annual Investment Strategy, the Council has made appropriate arrangements for:

- Identification, management and control of risks in the investments/treasury management activities it undertakes.
- Budgeting, accounting and audit arrangements.
- Its cash and cash flow management requirements
- Segregation of responsibilities, organisational arrangements, adequate documentation and the identification of a responsible officer for investment/ treasury management activities.
- Corporate governance.
- Procedures to ensure it is alert to the possibility it may become subject to an attempt to involve it in a transaction involving the laundering of money.

All investments undertaken by this Council will be made and repaid in Sterling.

SUMS TO BE INVESTED

All monies not required for approved expenditure purposes to be invested in the Council's Money Manager Account and the earmarked contributions for Elections, Acton Community Resource Centre, future repairs/maintenance to the Maesydre Power House, repairs/replacement of Playground equipment under the Service Level Agreement with Wrexham County Borough Council together with any earmarked budget underspend item to be invested in the Money Market Account.

LISTING OF INVESTMENTS UNDERTAKEN

The Council will undertake the following categories of investment for the financial year 2023/24.

- All excess funds to be held in a Money Manager Account or any other Deposit Fund that may be identified as providing low risk, adequate daily liquidity and optimised returns.

NEW INVESTMENTS – REPORTING REQUIREMENTS

If any new investment instruments (other than those approved in the list above) are proposed during the financial year before such an investment is undertaken it will need to first be approved by Acton Community Council and the Council's Standing Orders refreshed to reflect such decisions.

GLOSSARY

Credit arrangements – this covers all forms of borrowing or credit transactions that the Council may undertake.
